

Driving Range Updates

Thank you for your patience while we complete the driving range renovations. We are excited to announce the improvements and changes as we continue to improve the practice facility.

The driving range now features a continuous hitting mat for guests and a new laser levelled hitting deck (tuff tuff turf installed).

While the grass matures and grows in (2-4 months), we will implement the new mat. The mat has some innovative benefits that I'd like to share:

- Holds a real tee
- Allows for a true natural swing
- Provides a divot feel with no club bounce

Continuing with the practice facility improvements, we will be replacing all the balls with our new Bridgestone yellow golf balls. The yellow golf balls will help golfers on hole #1 or #18 when hitting an errant drive onto the range.

Golf balls will no longer be stored on the range and the driving range will **open/close based on the pro-shop hours**. Range buckets can be purchased in the pro-shop and the golf balls will be available outside the pro-shop door.

We hope you understand that these changes will allow us to better preserve the practice facility, golf balls and grass.

NEW Driving Range Pricing:

SMALL (40-45 Balls) - \$8

MEDIUM (70-75 Balls) - \$12

LARGE (90-95 Balls) \$15

Member & Guest Driving Range Pricing:

SMALL (40-45 Balls) - \$6

MEDIUM (70-75 Balls) - \$9

LARGE (90-95 Balls) \$11

UNLIMITED members will continue to receive full access the facility at no change to their membership. 1 x bucket will be provided, and you can return to the ball storage unit to collect more balls (if needed).

While we wait on delivery of more range balls, we will implement small buckets only at this time. When we receive our full order, it will switch to Small/Large options (medium in the future).

Thank you,

Russ Dunaway
